Cinajus Pty Ltd are suppliers to builders, developers, government organisations and individual owner-builders of 100 % Natural Stone products.

Some of the major architectural firms that we have worked with include Cox Richardson, Oculus, Harry Seidler & Associates, Diana Simpson and EDAW.

We have provided natural stone products to a diverse range of projects Australia wide, including Bovis Lend Lease's Fleetview and Regatta Wharf development, Picton Mall, North Sydney Council's Cremorne Plaza development, Pacific Square at Maroubra, Curlew at Hamilton Island, both stages of the Rhodes Waterside development – with Richard Crookes Constructions in the Stage One works, and Walker Corporation in the Stage Two component.

ONLY NATURAL STONES. Limestone, Sandstone, Granite, Quartzite and more.

IN ORDER TO SERVE YOU BETTER PRESENTATIONS ARE BY APPOINTMENT ONLY.

Benefits of using Cinajus Granite Products

- Tested according to AS/ NZS Appendices A & D for Slip Resistance in Wet and Dry Conditions.
- Salt and Chlorine Safe, making it an ideal material for pool surrounds and ocean front paving and walling areas.
- Combine colours, finishes, formats and sizes for indoor – outdoor.
- Same stone in different thickness, formats and finishes can be used in different areas of your project making it architecturally and aesthetically symmetrical, yet cost effective.
- 100% Natural and Environmentally friendly.
- Timeless beauty, hard wearing and long lasting materials that will enhance and maintain the value of your Commercial, Residential or Public Domain investment for a very long time.

Disclosure

Cinajus Natural Stones are a product of nature and buyers should expect some degree of variation in test results, dimension sizes, colours and thickness over and above the specifications, samples and information provided. The tests conducted and the results are general characteristics of Cinajus Natural Stones. We recommend that you test the material for suitability for individual projects and applications. Sealing is recommended.
